

Field mission in Covid-19
times: “Anders dan anders”
but Still full of possibilities

Tunis Septembre 2020

Project Steering Committee with Ministry of local affairs, FCM and Ministry of Global Affairs Canada

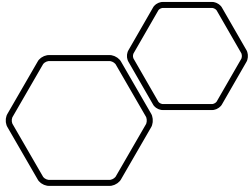

- Partially physical presence with Tunisian partners
- Partially online with the canadines with adapted Visio-conference tools such as camera zooming in when speakers talk, big screen, strong internet connection...
- No coffee breaks or lunches, but some food personally served and already packed
- Keeping social distancing as much as possible. Using 30% of space capacity
- Wearing facial masks all duration of meeting
- Using personal mikes and disinfecting them regularly

Meetings with High officials

- Meeting with Minister of Women affairs
- Meeting with Minister of Territorial Development
- Checking before hands their internal administration regulations and adapt. It is becoming part of the diplomatic skills to respect covid-19 rules that may differ sometimes
- Physical distance, face masks all meeting duration, no exception made
- Very important for exposure in media to reflect these conditions

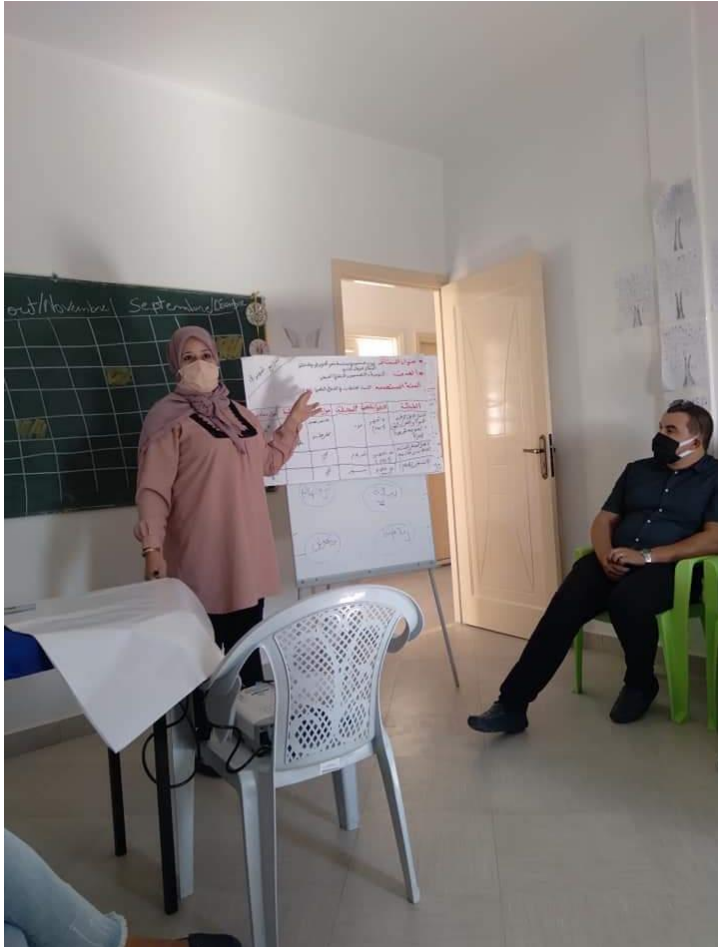

Signing MoU With Centre of Documentation on inclusive governance

- Making sure hands are disinfected in front of your partner before exchanging copies
- Keeping distance and face mask all the meeting duration

Establish Covid-19 protcole for project activities with your partners and experts and hold them repsonsible to respect it

- Expert Meeting at Mayor's office at the Municipality of Bargou
- Attending Training for CSOs at the municipality of Rawad

- Supporting the General Assembly of the Tunisian Federation of municipalities (FNCT) that marked the historic event of democratic transition
- Big event organized by the Receiving the FNCT but we demanded to release funds: a health protocol approved by the Ministry of Health and the Tunisian Covid-19 Crisis response entity
- Receiving of Price “Hommage” as the most trusted partner for all the past years which also can happen even in Covid-19 times ;)
